## § 3741.6

predicated shall have filed with the Atomic Energy Commission a withdrawal of said application or a release of said lease and shall have recorded a notice of the filing of such withdrawal or release in the county office wherein such notice or certificate of location shall be of record.

### § 3741.3 Additional evidence required with application for patent.

All questions between mining claimants asserting conflicting rights of possession under mining claims, must be adjudicated in the courts. Any applicant for mineral patent, who claims benefits under sections 1 or 3 of this Act, or the Act of August 12, 1953, supra, in addition to matters required in Group 3800 of this chapter, must file with his Application for Patent a certified copy of each instrument required to have been recorded as to his mining claim in order to entitle it to such benefits unless an Abstract of Title or Certificate of Title filed with the Application for Patent shall set forth said instruments in full. If a mining claim was located on or after the date of this Act a statement must be filed showing that on the date of location the lands affected were not covered by a uranium lease or an application for a uranium lease. The applicant must also file a copy of the notice required to be posted on the claim and state in his application that such notice was duly posted in accordance with the requirements of the Act.

### § 3741.4 Reservation to United States of Leasing Act minerals.

Section 4 of the Act provides that:

Every mining claim or millsite—

(1) Heretofore located under the mining laws of the United States which shall be entitled to benefits under the first three sections of this Act; or

(2) Located under the mining laws of the United States after the effective date of passage of this Act, shall be subject, prior to issuance of a patent therefor, to a reservation to the United States of all Leasing Act minerals and of the right (as limited in section 6 hereof) of the United States, its lessees, permittees, and licensees to enter upon the land covered by such mining claim or millsite and to prospect for, drill for, mine, treat, store, transport, and remove Leasing Act minerals and to use so much of the surface and subsurface of such mining claim or millsite as may be necessary for such purposes, and whenever reasonably necessary,

for the purpose of prospecting for, drilling for, mining, treating, storing, transporting, and removing Leasing Act minerals on and from other lands; and any patent issued for any such mining claim or millsite shall contain such reservation as to, but only as to, such lands covered thereby which at the time of the issuance of such patent were—

(a) Included in a permit or lease issued under the mineral leasing laws; or

(b) Covered by an application or offer for a permit or lease filed under the mineral leasing laws; or

(c) Known to be valuable for minerals subject to disposition under the mineral leasing laws.

### § 3741.5 Mining claims and millsites located on Leasing Act lands after August 13, 1954.

Since enactment of the Act on August 13, 1954, and subject to its conditions and provisions, including the reservation of Leasing Act minerals to the United States as provided in section 4, mining claims and millsites may be located under the mining laws of the United States on lands of the United States which at the time of location are—

(a) Included in a permit or lease issued under the mineral leasing laws; or

(b) Covered by an application or offer for a permit or lease filed under the mineral leasing laws; or

(c) Known to be valuable for minerals subject to disposition under the mineral leasing laws: This is inclusive of lands in petroleum reserves, except Naval petroleum reserves;

to the same extent in all respects as if such lands were not so included or covered or known.

### § 3741.6 Acquisition of Leasing Act minerals in lands covered by mining claims and millsites.

The Leasing Act minerals in lands covered by mining claims and millsites located after the date of the Act or validated pursuant to the Act may be acquired under the mineral leasing laws, upon appropriate application therefor being filed prior to the issuance of patent to such mining claims or millsites, or after the issuance of patent, if the patent contains a reservation of Leasing Act minerals to the United States as provided in section 4 of the Act.
